

Membership Pledge

As signers of this Pact, we agree to time-honored truths that acknowledge the importance of human teaching with meaningful technology use. We strive to create authentic personalized experiences.

With this pledge we agree to seek the 5 R's which are:

- ◇ **Reset.** Change our mindset to realize efficiencies with technologies instead of more and more deployments that overwhelm and complexify learning delivery.
- ◇ **Retool.** Take practical steps for teachers and administrators to align and therefore retain relevance for our schools.
- ◇ **Redesign.** Explicitly focus our attention on eliciting creativity, curiosity, and a high degree of human interaction along the learning journey to achieve equity in the educational experience.
- ◇ **Reorganize.** Explore new organizational structures, schedules, and deployments of personnel to establish challenging but flexible environments attractive to learners and parents.
- ◇ **Rehumanize.** Highlight our most important asset, our humanity, within constructs of learning resources that can be experienced as individual student paths. leads forward and creates challenging environments attractive to learners and parents.
